## ABOUT ME

I joined Angel Adoption as an Adoptive Parent Coordinator in May of 2022 to fulfill my passion of helping to grow families. I have a bachelor's degree in marketing and many years of experience in sales, management, and customer service. In addition, I was a dance instructor and coach for ten years, supporting children between the ages of 2-15 years old. I danced from when I was three years old through my college years, took a break, then returned once my daughters also showed a love for dance. I am happily married and a mother of three. I truly understand the desire to become a parent and the joys of having a family.

## MY FAMILY & PETS

My family, my friends, and my dog mean everything to me! I love spending quality time and creating memories with them. I especially love to host family gatherings and have family dinners, and I also love getting out for a girls night with my girlfriends. I have a senior miniature pinscher named Nala who has brought so much love to our family. I enjoy doing yoga, traveling, and attending my son's baseball games. I am happiest when the sun is shining and my entire family is together.

## HOW ADOPTION HAS TOUCHED MY LIFE

Adoption will forever have a special place in my heart. I have family and friends who have adopted and supporting them along their journey has created a true connection for me. Seeing firsthand the desire to grow a family, navigating the adoption journey, and then successfully adopting is truly amazing. I have witnessed these families grow in hope, strength, and love. However parenting comes to you, it is truly a miracle. In the Adoptive Parent Coordinator role, I enjoy assisting families along their adoption journey and truly understand the desire to expand your family.

ADOPTIVE PARENTS

It's very nice to meet you. My name is Aimee and I'll be your Adoptive Parent Coordinator and main point of contact while you're waiting to be chosen by an expectant mother. I look forward to assisting you along your adoption journey. I am here to provide you education, guidance, and support and I will always do so with an open heart and compassionate understanding. We will have scheduled quarterly check-in calls, but I am always just a text or email away if you need anything.

What motivates me the most is knowing I am making a difference in the lives of others. I will do my best to guide and support you in the hope you will grow your family and one day have the joy of a child in your lives.

One bit of advice I would like to provide is to have faith. When one door closes another always opens. You may not see it at first, but at some point it will be revealed. Once you choose hope, anything is possible. The quote I try to live by is, "Live the life you love, love the life you live."

**Sincerely,**

Aimee
