ABOUT ME

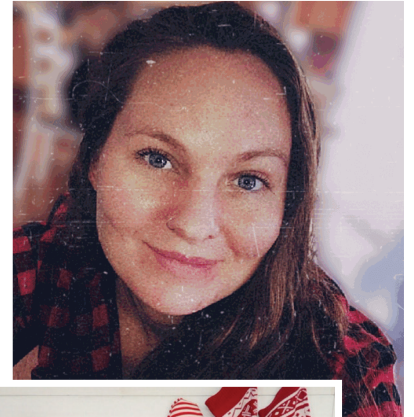

Until now, I have always worked in the healthcare field, including nursing homes and hospice care. This field always challenged me in unimaginable ways, which I always took as opportunities to grow and learn. When looking for a new challenge outside of the healthcare industry, I was so happy to find Angel Adoption. Every day I see the results of my team's hard work, and the support they give to our families and to all of our expectant mothers is beyond amazing.

I am a compassionate person who loves to laugh at my own jokes, but also to make others around me smile. I love spending time with my husband and four kids. Playing outside, watching a movie, going on walks, swimming and my all time favorite hobby is kickboxing.

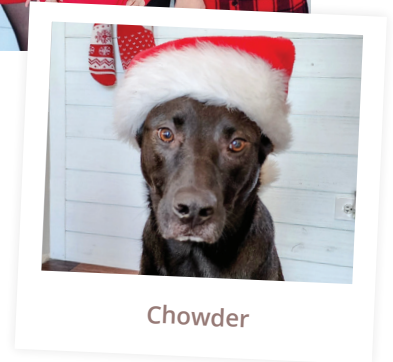

MY FAMILY & PETS

My family, which consists of my husband, our four children, and our dog Chowder, is my happy place. They are my world and make my heart happy. I love spending time doing sports and activities with them and sharing my passions with them. My husband is my rock and my best friend. We have been married for 14 years and every day with him by my side is a blessing.

HOW ADOPTION HAS TOUCHED MY LIFE

Adoption is such a beautiful thing to go through, but also the hardest decision someone will ever make. I had a close friend who went through the adoption process and there were many ups and downs for them along the way. Once everything was done and settled, however, life began for them. I love to watch families become whole!

ADOPTIVE PARENTS

I am so happy you are here with us at Angel Adoption! Thank you for trusting us with your adoption journey. I am looking forward to forming a wonderful relationship with you over the coming months. As your Adoptive Parent Coordinator, I will be here to offer you support and guidance during this beautiful journey. I will work closely with you to make sure all of your questions are answered and you always feel heard. We will have quarterly check-in calls, but if you ever need anything, know that I am just a text or email away.

The adoption journey can be tough and have many ups and downs, but my advice to you is to trust the process and hold on to hope. Don't stop living your life while you're waiting to be chosen by an expectant mother. If the wait gets hard, lean on your support system and don't ever hesitate to reach out to me for a helping hand or a listening ear.

I am so excited to see what's in store for you on this journey and wish you the very best of luck!

Sincerely,

Jennie
